DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This small, rectangular, two story house, 2 bays wide and 3 bays (plus 1 bay shed) long, presents its gable roof to the street. The balloon structure has recently been covered with green aluminum siding and white shutters frame the windows. The only ornament is a small front porch with a tin shed roof and white wrought iron supports. All the windows are long, Victorian, double-hung, two over two, except the window in the stairwell on the second floor. That window is 3/4 the length of the others. A shed roofed lean-to on the back contains the furnace room (1 bay x 1 bay) and back porch.

The first floor interior contains three rooms, living room, dining room, and kitchen, one right behind the other. The center room has a 2' x 8' closed staircase running up the south wall. The stairs open one way into the dining room and the other way into the kitchen with one step down either way.

The second floor has three bedrooms, a hall, and a bathroom.
