

**INDIVIDUAL PROPERTY/DISTRICT  
MARYLAND HISTORICAL TRUST  
INTERNAL NR-ELIGIBILITY REVIEW FORM**

Property/District Name: 10732 Scaggsville Road Survey Number: HO-707

Tax Parcel#: 6

Project: Maryland 216/29 Project Planning Study Agency: MDOT-SHA

Site visit by MHT Staff:  no  yes Name \_\_\_\_\_ Date \_\_\_\_\_

Eligibility recommended \_\_\_\_\_ Eligibility **not** recommended  X

Criteria:  A  B  C  D Considerations:  A  B  C  D  E  F  G  None

Justification for decision: (Use continuation sheet if necessary and attach map)

The house at 10732 Scaggsville Road is not eligible due to the fact that it does not meet National Register Criteria A, B, C, or D. Preliminary research has not revealed any association between the dwelling and events that have made a significant contribution to the broad patterns of our history (Criterion A) or the lives of persons significant in our past (Criterion B). Although the building provides an example of the Bungalow, it is neither unusual nor distinguished; it does not represent the work of a master or display high artistic merit (Criterion C). There is no evidence that the property is likely to yield information important in history or prehistory (Criterion D). Thus, the property is not National Register-eligible.

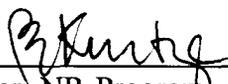

Documentation on the property/district is presented in: Maryland Historical Trust Inventory Form

**CAPSULE SUMMARY**  
10732 Scaggsville Road  
(HO-707)

Designed in 1934 as a modest Bungalow, this 1-1/2-story dwelling displays elements of its typical of the type including its compact rectangular form, distinctive rock-faced concrete block foundation, and full-width front porch. The building has been altered by the addition of vinyl siding, the extension of the rear by a large 1-story frame addition, and the replacement of the original windows and doors.

The modest Bungalow at 10732 Scaggsville Road was erected in 1934 for John H. Hines who purchased the property from Joseph D. Harding in 1904. The building provides an example of the Bungalow as commonly constructed along Scaggsville and Leishear roads during the 1930s and 1940s. The popularity of the Bungalow derived from its economy, ease of maintenance, and its ability to occupy a small piece of land. During the 1930s and 1940s, the population in the area around Scaggsville was expanding with the subdivision of former large agricultural properties. The Bungalow was the ideal house type, requiring minimal materials and labor, and providing comfortable accommodations for a small family.

The Hines owned the property up until 1938, when it was sold to John and Emma Archer who occupied the residence until 1988. In 1994, the current owner, Anita A. Huff Edsall, acquired the property from Dimitrios and Patricia Ann Tiches.

8. Statement of Significance  
=====

Applicable National Register Criteria (Mark "x" in one or more boxes for the criteria qualifying the property for National Register listing)

- A Property is associated with events that have made a significant contribution to the broad patterns of our history.
- B Property is associated with the lives of persons significant in our past.
- C Property embodies the distinctive characteristics of a type, period, or method of construction or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components lack individual distinction.
- D Property has yielded, or is likely to yield information important in prehistory or history.

Criteria Considerations (Mark "X" in all the boxes that apply.)

- A owned by a religious institution or used for religious purposes.
- B removed from its original location.
- C a birthplace or a grave.
- D a cemetery.
- E a reconstructed building, object, or structure.
- F a commemorative property.
- G less than 50 years of age or achieved significance within the past 50 years.

Designed in 1934 as a modest bungalow, this 1-1/2-story dwelling displays elements of its typical of the type including its compact rectangular form, distinctive rock-faced concrete block foundation, and full-width front porch. The building has been altered by the addition of vinyl siding, the extension of the rear by a large 1-story frame addition, and the replacement of the original windows and doors.

The dwelling at 10732 Scaggsville Road stands approximately thirty feet back from the road facing southeast. The property, encompassing 2.25 acres is generally level with numerous mature trees dotting the yard. Small foundation plantings enhance the house and a gravel driveway runs along the northwest side of the house.

**EXTERIOR DESCRIPTION:**

The facade, the southwest elevation of the building, is divided into three bays. The center of these bays holds the main entrance, which is marked by a replacement single-leaf, panel-and-light metal door. A single 1/1 metal sash window is found to either side of the entrance. A fixed, octagonally shaped window with nine lights pierces the gable end near the apex of the roof. A full-width, half-hipped porch extends across the facade and stands on simple square wood posts with a vertical wood balustrade.

The southeast elevation consists of a two-bay original section and a two-bay addition. A bulkhead entry provides access to the basement of the original structure and is filled with a paneled wood door. The bays in the southeast wall of the original structure contain replacement 1/1 metal sash windows. Within the addition, two projecting bays, one rectangular and the other polygonal, also contain 1/1 metal sash windows. The polygonal bay is pierced by one window on each of its three facets, and the rectangular bay holds one window.

The original northeast elevation of the building is completely obscured by the large rear addition which contains two bays on its northeast side. One opening is filled with a single-leaf, multi-light metal door while a second contains a pair of 1/1 metal sash windows.

The northwest elevation comprises both the side elevation of the original dwelling and the side elevation of the addition. The original wall is pierced by two openings, each containing a single
