DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a large farmhouse of 7 unequal bays that may have been expanded in length at one time. At any rate, the present building has a center gable with patterned shingles and is sheathed with German siding. The doors had transom lights at one time, but these, and all the window sashes, have been broken out. The house is of frame construction with sawn lath and stove-type chimneys. There is a hewn log meathouse nearby.

(House and all outbuildings were destroyed by development about January 1976!)
