DESCRIPTION: This 2 1/2 storey front gable house has long, narrow 1/1 windows in the first and third first storey bays. There is a cornice across the top of the second storey at the bottom of the gable. There is a round gable window. The full width front porch is supported by turned posts with scrolled corner brackets.

This house has been recently renovated for office use and a substantial addition has been added to the right rear of the house, windows and doors have been altered and the house has been sheathed in aluminum siding.
