LOCATION: 2nd  
DESCRIPTION: modern

THREAT: none

SURROUNDINGS: commercial buffer

M:21-67

DESCRIPTION: This building has been restored and converted into office space. The building, although completely encased in vinyl siding, has kept most of its character, especially retaining the decorative wood shingles in the gable ends with circular louvered air vents in each gable. The original louvered wood shutters have been replaced with metal. There is a plain boxed cornice which has been covered by the siding.
