Exception G

It is an undistinguished example of a common building type
or architectural style

Its integrity is compromised by alterations or deterioration

Its historic setting has been compromised by development

Other (explain): _____

Description:

The Milton Johnson Property is a 1½-story, side-gable cottage with bungalow features on the east side of Redland Road in the Rockville vicinity, Montgomery County. Constructed circa 1930, the building is a rectangular in plan with gable dormers, a full-width front porch and a 1-story enclosed porch addition on the rear of the house.

The structure has an asphalt shingle-covered side-gable roof, gable dormers on the front and rear elevations and a central brick chimney. It is of wood frame construction with asbestos siding and a cinder block foundation. The windows are 3/1 double-hung wood sash. The house has a full-width shed roof porch on the front, or west, elevation. The porch has four tapered wooden posts and brick piers resting on concrete posts with a wood decking.

There are two outbuildings associated with this property. The first outbuilding is a garage, with a shed roof covered with asphalt shingles. Constructed circa 1930, it is of concrete construction. The structure is located southeast of the house.

The second outbuilding is a stable, with a low-pitched gable roof. Constructed circa 1930 it is of post and beam construction. The structure is located east of the house.

The property is located on the east side of Redland Road, with residential property to the north, south and west of the house and industrial or commercial property to the east. There are trees on all sides of the house, as the lot gradually slopes down toward the east. The property is set among houses of a similar period of construction along the east side of Redland Road, while there is a large, recent residential development on the west side of the road.
