Condition		Check one	Check one
<input type="checkbox"/> excellent	<input type="checkbox"/> deteriorated	<input type="checkbox"/> unaltered	<input type="checkbox"/> original site
<input type="checkbox"/> good	<input type="checkbox"/> ruins	<input type="checkbox"/> altered	<input type="checkbox"/> moved date of move _____
<input type="checkbox"/> fair	<input type="checkbox"/> unexposed		

Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This is a two story, frame farmhouse with a five bay facade. The centrally located front entry has narrow sidelights and a transom above. The windows are two over two double hung sash. A porch, supported by Victorian style turned posts with jig-sawn trim, runs the length of the facade. There is a brick chimney with a corbelled top at both interior gable ends. The house has a gable roof with a center gable. To the rear of the house is a two story, frame ell, reportedly built at the same time as the main block.

The house rests on a stone foundation. The original chestnut weatherboarding exterior is now covered with asbestos shingles. The roof is covered with raised seam metal.

check: Applicable Criteria: A B C D
 and/or
 Applicable Exception: A B C D E F G
 Level of Significance: national state local

Prepare both a summary paragraph of significance and a general statement of history and support.

The Conrad Royer Farmhouse is significant as a particularly good example of a style of residential architecture typical of that constructed in rural Montgomery County during the later nineteenth century. Features that identify this popular house form include the rectangular main block, gable roof with a center gable and a porch running the length of the facade. Most examples of this house type have three bay facades. The Conrad Royer farmhouse, somewhat larger, is five bays across. In addition, this house has retained its Victorian style architectural detailing; such as the front porch supported by turned post with ornate bracketing.

This house was built by Conrad Royer in 1880-1881, including the rear wing.¹ Mr. Royer built his house on 183 acres of farm property which he purchased in May of 1879 from the heirs of Isreal Griffith.² The house was built of Chestnut lumber which Mr. Royer cut himself at his mill located on the property. In addition to the mill, Mr. Royer was a wheat farmer. According to his grandson, present owner Mr. Gillis Owings, Mr. Royer owned the first thrashing machine for the harvesting of wheat in Montgomery County.³ Mr. Royer lived here with his wife, Emma and seven children. Following Emma's death the farm was sold to Mr. Royer's grandson, Gillis Owings in 1933. The farm remains the property of Mr. Owings.⁴

PRELIMINARY DRAFT

AMENDMENT TO THE APPROVED AND ADOPTED
MASTER PLAN FOR HISTORIC PRESERVATION IN
MONTGOMERY COUNTY, MARYLAND

NORTHERN AND EASTERN
MONTGOMERY COUNTY HISTORIC RESOURCES

Including sites located in the Olney, Sandy Spring,
Aspen Hill, Norbeck and Burtonsville Areas

March 1986

An amendment to the 1980 Olney Master Plan, 1980 Sandy Spring/
Ashton Special Study Plan, 1970 Aspen Hill Master Plan, and the
1981 Eastern Montgomery County Master Plan; being also an
amendment to the General Plan for the Physical Development of the
Maryland-Washington Regional District and to the Master Plan of
Highways within Montgomery County, Maryland.

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

8787 Georgia Avenue
Silver Spring, MD 20910-3760

14741 Governor Oden Bowie Drive
Upper Marlboro, MD 20772-3090

IMPLEMENTATION

Once designated on the Master Plan for Historic Preservation, any substantial changes to the exterior of a resource or its environmental setting must be reviewed by the Historic Preservation Commission and a historic area work permit issued. The Ordinance also empowers the County's Department of Environmental Protection and the Historic Preservation Commission to prevent the demolition of historic buildings through neglect.

It is the intent of the Master Plan and Ordinance to provide a rational system for evaluating, protecting and enhancing Montgomery County's heritage for the benefit of present and future residents. The accompanying challenge is to weave protection for this heritage into the County's planning program so as to maximize community support for preservation and minimize infringement on private property rights.

THE AMENDMENT

The purpose of this Preliminary Draft Amendment is to consider the Montgomery County Historic Preservation Commission's recommendations that the following sites be designated on the Master Plan for Historic Preservation and protected under the County's Historic Preservation Ordinance, Chapter 24A of the Montgomery County Code. A copy of the Ordinance is provided in Appendix B of this document.

(NOTE: Unless otherwise specified in the Preservation Commission's nomination, the recommended environmental setting for each site is the entire parcel on which the resource is located as of the date it is designated on the Master Plan as defined in Section 24A-2 of the County's Preservation Ordinance. Where additional buildings of historical or architectural importance are associated with a site, these buildings are noted in the nomination as being part of the recommended setting.)

<u>Atlas #</u>	<u>Site</u>	<u>Location</u>
15/55	Spencer/Carr House	2420 Spencerville

- Dating from 1855 with a rear section added in the 1870's, this three-story house is distinguished by three over three windows on the third floor and a one-story porch with bracketed pillars on the front facade.
- Significant as an example of the "Spencerville style", a local style characterized by a special grouping of architectural detail most notably half windows on the third story extending into the boxed cornice and roof line.

- The house is reputed to have been built by William Spencer the founder of Spencerville, and is therefore important to the heritage of that community and that part of the County.

15/67 Maiden's Fancy 15701 Aitcheson Lane

- 1807 -- Two and one-half story, Federal style, brick house with front facade laid in Flemish bond, featuring flat arches on the 1st floor windows and a doorway with a transom light and flat arch with keystone.
- Associated with the Waters family and Benjamin D. Carr; both significant in the history of the Burtonsville community.
- Included in the recommended setting is the main house and a stone smokehouse associated with site.

23/5

Israel Griffith House 5900 Damascus Road

- Circa 1880 -- Good example of Gothic Revival architecture exhibiting such characteristics of the style as the center gable, turned porch posts, porch brackets, and corbelled chimneys.
- The recommended environmental setting includes the small board and batten shed, the frame meat house and the frame corncrib associated with the site.

23/9 Elton 3801 Elton Farm Road

- Handsome Federal style fieldstone farmhouse dating from 1780.
- Associated with Henry Griffith, early settler of the eastern part of the County.
- The recommended environmental setting is 25 acres and includes the stone meat house, dairy, and the cemetery, resting place of Colonel Ridgely Brown, local Civil War hero.

23/12 Greendale Farm 23200 Howard Chapel Road

- Early 20th century farm residence built in two sections; the first portion in 1907, the second added in 1924.
- Excellent example of transitional architecture which is representative of the period in that area of the county.

SUBJECT: Preliminary Draft Amendment to the Master Plan for
Historic Preservation: Northern and Eastern
Montgomery County Resources

I am pleased to transmit to you this Preliminary Draft
Amendment to the Master Plan for Historic Preservation:
Northern and Eastern Montgomery County Resources.

This document contains the recommendations of the Montgomery County Historic Preservation Commission on approximately 80 historic sites located in the Olney, Sandy Spring, Aspen Hill, and Burtonsville areas of the County.

The Montgomery County Planning Board will hold a public hearing on this Preliminary Draft Amendment on Monday, April 21, 1986, at 7:30 P.M., in the Auditorium of the Montgomery Regional Office at 8787 Georgia Avenue, Silver Spring, Maryland.

Should you have any questions concerning this specific Preliminary Draft Amendment, please do not hesitate to contact Marty Reinhart at 495-4565.
