Description:

The Lehman Property is a 1½-story, 3-bay Bungalow-style house on the east side of Norwood Road in the Norwood vicinity, Montgomery County. Constructed in 1933, the building has an integral front porch on the south elevation and a small, 1-story, side-gable addition on the east elevation.

The structure has a side-gable, asphalt shingle roof with full-width shed dormers on both the front and rear elevations and a central brick chimney, which has been stuccoed. It is of wood frame construction with wood clapboard siding and the windows are 6/1 wood sash. The structure has a concrete foundation. According to the owner, the house was constructed with only a crawl space, however, the house was elevated and a basement and concrete block foundation were constructed circa 1954. The integral front porch has wood posts and a concrete floor, which replaced the original wood porch in the late 1950s.

There is one outbuilding associated with this property. The structure is a 1-story, wood frame shed with a gable roof. The shed is located southeast of the house.

The property is located on the east side of Norwood Road, with wooded land to the north, south and east. The house is located on a hill, which rises steeply from Norwood Road to the east. The property's setting is suburban, with many new residential developments in the area, however, due to the elevation of the property and the surrounding woods, the setting remains somewhat rural.
