Is the property located within a historic district? X no ___ yes ___ Name of district: _____

Is district listed? ___ no ___ yes ___ Determined eligible? ___ no ___ yes ___ District Inventory Number: _____

Documentation on the property/district is presented in: Review & Compliance Files

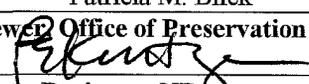

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

In conjunction with the development of the Glen Haven Community in the late 1940s, the Glen Haven Elementary School was originally constructed in 1949. The original school was enlarged in 1951, 1952, 1955, 1964, and 1971. In 1971 there was a major interior and exterior renovation of the building.

The Glen Haven Community was evaluated as part of the Suburbanization Historic Context, for the I-495/I-95 Capital Beltway Corridor Transportation Study, and is internationally/nationally associated with Post World War II development, and locally/regionally associated returning veterans, expansion of government (post WWII) and transportation modes (automobile, Georgia Avenue).

While the school was part of the original Glen Haven Community development, and several additions were carried out within the period of significance (1949-1960) the renovation in 1971 was extensive, and compromised the character-defining features of the school. The 1971 renovation covered exterior glass block walls, closed clerestory windows, closed existing skylights, and modified the interior spaces extensively by removing existing walls and constructing new walls in different locations.

Therefore, Glen Haven Elementary has been greatly compromised and due to a lack of integrity does not qualify for listing on the National Register of Historic Places, under criterion A. The school does not meet the remaining National Register Criteria, it is not associated with the life of a person significant to our past, it does not embody significant architectural qualities, and it is unlikely to yield additional information.
