Justification for decision: (Use continuation sheet if necessary and attach map)

Based on available information the structure at 12308 Dewey Road, Silver Spring, Md. 20906, is not located within the boundaries of a national register listed historic district and does not meet the criteria for individual listing on the National Register. This modest, 3 bay Cape Cod, is typical of numerous residential structures built in the immediate post World War II years. The large single, shed dormer is an unfortunate, later addition. The structure lacks the architectural distinction and integrity to qualify for listing under Criterion C. The property is not known to have any associations with persons or events significant to our past, and thus does not qualify under Criteria A or B.
