Is property located within a historic district?  No  Yes Name of District: \_\_\_\_\_

Is district listed?  No  Yes

Documentation on the property/district is presented in: I-495/I-95 Capital Beltway Corridor Transportation Improvement Study  
Historic Resources Suvey and Determination of Eligibility Report

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):*

The Hill-Shaikh Property, constructed in 1918, consists of a 1½-story front-gable residence on the south side of Forest Glen Road, immediately north and adjacent to the Capital Beltway. The house lacks architectural and material integrity. The building is of wood-frame construction with a brick foundation, wood shingle siding, and an asphalt shingle roof. The windows are a combination of original wood casement units and vinyl casement replacements. The roof has exposed rafter ends and a modern brick chimney is located on the north gable end of the structure. Both the east and west slopes of the roof have two gable dormers with replacement sliding windows. The west slope of the roof also has a large domed skylight. The original shed roof porch on the west elevation has been enclosed with wood shingles and multiple vinyl casement windows. The south end of the house has a 1-story shed roof addition supported by concrete piers. The interior has been extensively remodeled to provide a large loft-style space on the second floor

The Hill-Shaikh Property is not eligible for the National Register of Historic Places due to a lack of material integrity and architectural significance. The building has had multiple alterations, including the enclosure of the front porch, replacement of original windows, addition of a skylight, and construction of an addition on the south elevation. Therefore, the property does not retain sufficient integrity to meet eligibility requirements for the National Register of Historic Places under Criteria A, B, C, or D.

Prepared by: Tim Tamburrino, KCI Technologies, Inc., January 2000
