Constructed in 1946, the cottage has a large, centered front-gable entry porch on the front elevation, a large gable addition and wood deck in the rear, and a large, wood frame, screened porch on the south elevation.

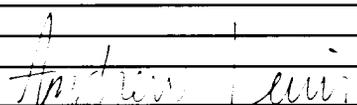

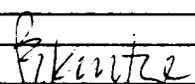

The structure has an asphalt shingle, side-gable roof with two gable dormers on the front elevation. There is an exterior brick chimney on the south elevation. The cottage is of concrete block construction with vinyl siding and it has a concrete block foundation. The windows are 1/1 double-hung aluminum; there is also a 4-light casement bay window on the front elevation. The front entry is a wood door with an aluminum storm door. The entry porch has an asphalt shingle front-gable roof supported by wood posts and a concrete slab floor. The gable addition, which is larger than the original cottage, has a projecting bay window, fixed trapezoid-shaped windows, and two doors opening onto the wood deck. The screened porch has an asphalt shingle, hipped-roof, and it is attached to both the gable addition and the wood deck.

There are two outbuildings associated with this property. The first outbuilding is a shed with an asphalt shingle, gambrel-roof. Constructed circa 1990, it is of wood-frame construction. The structure is located north of the cottage.

The second outbuilding is a garage with a front-gable, standing seam metal roof. Constructed circa 1950, it is of sheet metal construction. The garage is located north of the cottage and the shed.
