Is district listed?  No  Yes

Documentation on the property/district is presented in: I-495/I-95 Capital Beltway Corridor Transportation Improvement Study Historic Resources Suvey and Determination of Eligibility Report

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):*

The Eglise Baptiste du Calvaire Property is located on the west side of Riggs Road, north of the Capital Beltway, in the Adelphi vicinity. The property consists of a residence and garage constructed in 1937 on a forested lot approximately 2.75 acres in size. The house is a brick 3-bay side-gable Cape Cod-style structure with a central entry and two gable dormers on the front elevation. A small gable porch is located at the front entrance and is flanked by single 1/1 double-hung windows. The second story has wood 1/1 double hung windows in the gable dormers. The south gable end has a brick semi-exterior chimney centrally-located on the elevation. To the east of the chimney is a single 1/1 double-hung window on the first story and in the gable end. A gable roof sunroom is located to the west of the chimney. The sunroom has a brick foundation, wood siding and bands of slider windows. The east elevation of the sunroom also has a wood door. The grade slopes to the west, exposing a full basement on the rear elevation. On the basement level is a garage bay, wood panel door and 3-light hopper window. The first story has a wood door under a small shed roof entry porch, two wood 1/1 double-hung windows, and a 3-sided canted bay with narrow wood 1/1 double-hung windows and wood siding. The second story has a large shed roof dormer sheathed with wood siding and containing three wood 1/1 double-hung windows. The north elevation has a central brick semi-exterior chimney, a brick 3-sided canted bay and a wood 1/1 double-hung window. The gable end also has a single wood 1/1 double-hung window.

**MARYLAND HISTORICAL TRUST  
NR-ELIGIBILITY REVIEW FORM**

Property Name: Eglise Baptiste du Calvaire Property

Inventory Number: PG: 65-26

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):* (CONT'D)

The property also contains a 1-story brick and frame garage structure. The garage has a side-gable roof covered with asphalt shingles with two garage bays and a wood panel door on the east elevation. The property is an isolated residence not constructed in conjunction with any other development.

The Eglise Baptiste du Calvaire Property is not eligible for the National Register of Historic Places due to a lack of historical and architectural significance. This property does not represent a historic event or trend that made a significant contribution to the development of the nation, state, or local community, and therefore is not eligible under Criterion A. This individual resource is ubiquitous to suburban areas and is not sufficient by itself to represent the theme of suburbanization. Historic research also indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. It is not eligible under Criterion C as it is an indistinctive example of a common building type. The integrity of the structure has been compromised by the addition of modern sliding windows to the sunroom. Finally, investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore, National Register Criterion D can not be assessed at this time.
