INTERNAL NR-ELIGIBILITY REVIEW FORM

Property/District Name: Various Buildings Andrews Air Force Base Survey Number: PG:77-15thru57

Project: 110 Survey of Andrews Airforce Base Agency: F/AF

Site visit by MHT Staff: no yes Name _____ Date _____

Eligibility recommended Eligibility not recommended

Criteria: A B C D Considerations: A B C D E F G None

Justification for decision: (Use continuation sheet if necessary and attach map)

The Air Force's consultant determined these buildings ineligible based on age and/or integrity. The World War II buildings have been significantly altered and do not form any cohesive architectural identity. The Trust concurred that all of these buildings were not eligible.

Documentation on the property/district is presented in: with this MHIP form and Andrews Air Force Base compliance file

Capsule Summary

Inventory No. PG: 77-49

Property Name: Farm Housing #04261

Location: Andrews Air Force Base

Ownership: Public/Military

Date of Construction: ca. 1925

Building #04261 is a one-story tall, wood-frame residential structure located on the west side of the base. It is a three-bay wide square house, with smaller additions on each side and the rear of the main building. The main entrance to the house is centered in the front, through a door set flush with the building front. Windows in the building are one-over-one, double-hung aluminum sash. The roof is high-pitched gable, covered with asphalt shingles. The main house has one roof dormer on the front. The entire building is covered with aluminum siding. The plan of the building has been changed to accommodate additional living space, bedrooms, and toilets. Landscape plantings surround the building, including bushes and mature trees.

The architectural character of Building #04261 has been changed significantly since its acquisition by the government as part of the site for development of Andrews AFB. The house is a one-story frame building, with a bedroom in the attic space. Originally, the building had an expansive, open front porch, which has been enclosed to provide more interior living space. All of the original windows and doors have been replaced, as has the roof. The exterior of the building has been covered with aluminum siding, hiding any original detailing or definition. The interior plan of the house has been modified to meet current military livability standards.
