Inventory No. PG: 77-52
Property Name: Child Care Center #04575
Location: Andrews Air Force Base
Ownership: Public/Military
Date of Construction: ca. 1943

Building #04575 is a large, one-story tall structure built in 1943 on the west side of the base. The building was constructed of concrete block, with a gable roof covered with asphalt shingles, and a building addition covered with a built-up flat roof. Built originally as support for base personnel, the building has been converted to a child care center. A major one-story addition has been placed at one end and side of the structure, along with fenced-in play areas. The original building has been covered with aluminum siding, and windows and doors have been replaced. The addition is covered with metal siding.

Behind the contemporary facades of this structure is a 1943 concrete block building constructed at Andrews as a personnel support building. The property has been significantly modified through conversion to a child care center. Additions have been made to the front and sides of the structure, obscuring views of the concrete block original. The original roof, doors, and windows have been replaced, and the setting of the structure has been changed; all of which have damaged the architectural integrity of the building.
