The Harper Property is located on the west side of Flowers Road, immediately east of the Capital Beltway in the Westphalia vicinity of Prince George's County. The property is located along a dirt lane and consists of a circa 1900 wood-frame house, now collapsed, and a circa 1900 stucco house. The wood-frame house was 1 1/2-stories tall and 5-bays wide. It is covered in rolled-asphalt siding and has an asphalt-shingle, side-gable roof with two front-gables on the southwest and a central brick chimney. The visible windows are 6/1 double-hung and 1-light fixed-sash. The house has a 1-story shed addition on its southwest. (See Photos 1 and 2 of 4)

The stucco house is 1 1/2-stories tall and 2-bays wide. The original materials are no longer visible, but the house is currently covered in stucco with wood weatherboard on the front (southeast) elevation. The side-gable roof is covered in asphalt shingle and has a gable dormer and brick chimney. The main entry consists of a paneled door with 6 lights and a plain surround. The house has original 2/2 double hung windows, modern 2-light sliding windows, and modern 1-light fixed-sash windows. (See Photos 3 and 4 of 4)

The Harper Property occupies a small, cleared lot in a wooded area. The property is currently used for commercial purposes.

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):* (CONT'D)

The Harper Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of local, state or national history. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. The property is not eligible under Criterion C due to a major loss of integrity. Both houses are in extremely poor condition, and most of the original exterior materials have been replaced. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
