Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):*

The Mayhew Property is located on the west side of Bauman Road, immediately east of the Capital Beltway in the Westphalia vicinity of Prince George's County. The formerly agricultural property occupies an 8-acre, sloping, wooded lot adjacent to a mobile home park. The property includes a circa 1900 vernacular farm house, a modern mobile home, a barn, a shed and a kennel.

The circa 1900 farm house has two abutting 2-bay, 2-story wings with side gable roofs. The house has a parged foundation, vinyl siding and an asphalt-shingle roof. A chimney is located in the west gable end of the east wing. The main entry is located in the west bay of the east wing on the north elevation. It consists of a modern door with a plain surround. All of the 1/1 double-hung windows are modern. The house has a modern shed-roof porch across the north elevation of the east wing, a modern deck on each story of the north elevation of the west wing, a 1-story addition on the south elevation of the east wing, and a 1-story addition on the west elevation of the west wing.

Immediately south of the farm house is a 1-story, 4-bay modern mobile home. North of the house is a 1-story barn constructed of vertical board with a corrugated-metal gable roof. West of the barn are a modern wood-frame shed and a modern concrete-block kennel.

Property Name: Mayhew Property

Inventory Number: PG. 78-29

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):* (CONT'D)

The Mayhew Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A because although it was originally associated with agriculture, there are not enough agricultural buildings or fields remaining to convey that association effectively. The property is not eligible under Criterion B because historic research conducted indicates no association with persons who have made specific contributions to history. The property is not eligible under Criterion C because it is not an outstanding example of a vernacular farm dwelling and because it has suffered a loss of integrity. The house is very plain with no remaining architectural detail, and the additions of modern decks, porches, siding and windows have significantly compromised its integrity. The barn (the only outbuilding that dates to an historic period) is only a general storage structure and is not an outstanding example of an outbuilding with a specific function. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
