Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):*

The Moore Property is located on the north side of Westphalia Road, immediately east of Capital Beltway Exit 11 in the Westphalia vicinity of Prince George's County. The property occupies a small parcel along a heavily-traveled corridor and includes a small wood-frame house constructed in 1947. The house is 1-story tall and 3-bays wide with a concrete-block foundation, vinyl siding, and an asphalt-shingle, front-gable roof. A concrete-block chimney is located on the west slope of the roof. Entries are located in the center bay of the north and south elevations. The entries consist of plain, modern doors with metal awnings and concrete-block stoops. The 1/1 double-hung windows are modern. There are no outbuildings associated with the property.

The Moore Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of local, state or national history. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. The property is not eligible under Criterion C as it is an indistinguished example of a common building type found throughout suburban regions. In addition, the architectural integrity of the house is compromised by the replacement of nearly all exterior materials. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
