Is district listed?  No  Yes

Documentation on the property/district is presented in: I-495/I-95 Capital Beltway Corridor Transportation Study Historic Resources Survey and Determination of Eligibility Report

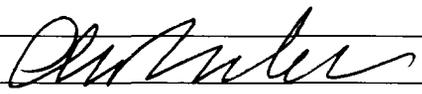

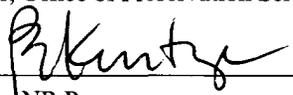

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The James Property is located on the south side of Burtons Lane in the Forestville vicinity of Prince George's County. The property occupies a flat, wooded lot in an industrial area immediately east of the Capital Beltway. The 1 1/2-story, 3-bay house was constructed circa 1940. The house has a stuccoed foundation and walls and a steeply-pitched, side-gable roof covered in asphalt shingles. The roof has a shed dormer on the rear (south) elevation. A brick chimney is located in the east gable end. The main entry is located in the center bay of the front (north) elevation. The paneled door has six glass panes and a surround with fluted pilasters and dentil moulding. A simple, gabled portico shelters the entry. The original windows have been replaced with 2-light sliding units, although the original brick sills remain intact. Immediately west of the house is a pre-fabricated, barrel-vault storage facility constructed of corrugated-steel.

NR-ELIGIBILITY REVIEW FORM**

Property Name: James Property

Inventory Number: PG: 78-33

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)* (CONT'D.)

The James Property is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of local, state, or national history. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. The property is not eligible under Criterion C, as it is an indistinguished example of a common building type found throughout suburban regions. In addition, the architectural integrity of the building is compromised by the modern windows. Investigations have not been conducted to determine whether the property has the potential to yield information important in history or pre-history, therefore eligibility under Criterion D cannot be assessed at this time.
