Description of Property and Eligibility Determination *(Use continuation sheet if necessary and attach map and photo)*

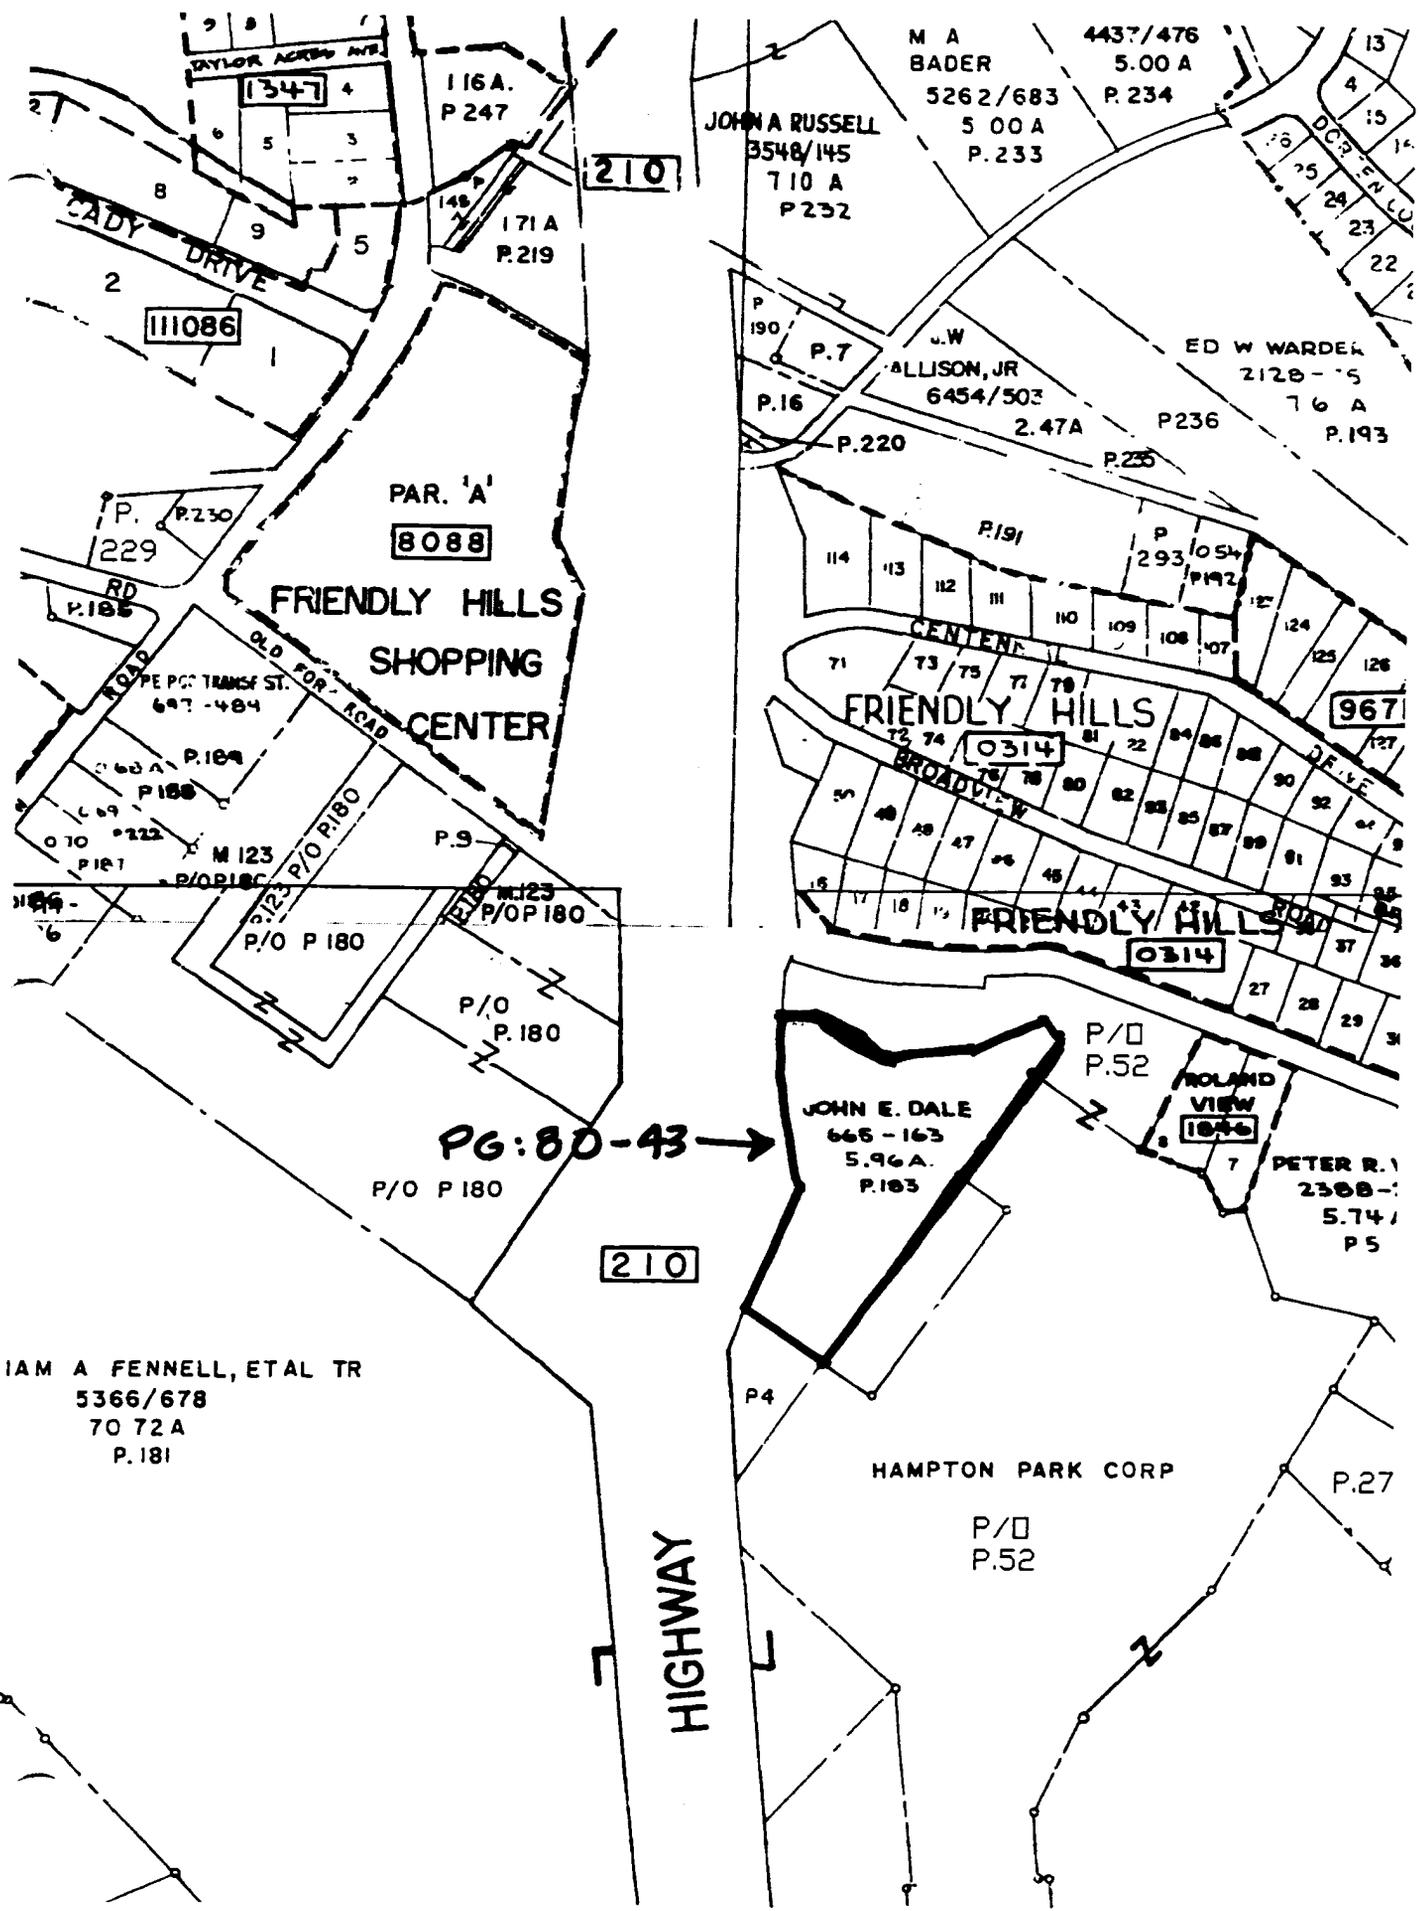

Description:
Constructed in sections beginning in 1942 and completed by the mid-1950s, this brick structure employed materials from a demolished structure and was designed and built by the current. The side-gabled, rectangular plan building consists of three sections. The central portion is 2-stories tall while the flanking wings stand at 1 1/2-stories. Construction materials include brick, slate roofing shingles, and 6/6 windows. The western wing has three window dormers evenly spaced along the roofline. Two chimneys extend between the central section and the west wing, and the east wing also has a chimney.

National Register Evaluation:
Research has not revealed any association between this structure and events that have made a significant contribution to the broad patterns of our history (Criterion A) or the lives of persons significant in the past (Criterion B). The building does not display any distinctive architectural style; nor is it distinguished; it does not represent the work of a
