**Description:**

**National Register Evaluation:**

The site of the Tobacco Barn on Chew Road is not eligible for the National Register of Historic Places. The property is not eligible under Criterion A, as research conducted indicates no association with any historic events or trends significant in the development of national, state or local history. Historic research indicates that the property has no association with persons who have made specific contributions to history, and therefore, it does not meet Criterion B. It is not eligible under Criterion C, as the structure is no longer extant and the site of the structure does not possess sufficient integrity to represent an important architectural trend or distinctive characteristics of a type or method of construction. Based upon the date of construction and the property type, there is a likelihood that an archaeological component could exist on the property. However, as no archaeological investigation has been conducted, the eligibility of the property under Criterion D cannot be assessed at this time.
