7. Description

PG:
Inventory No. 86A-41

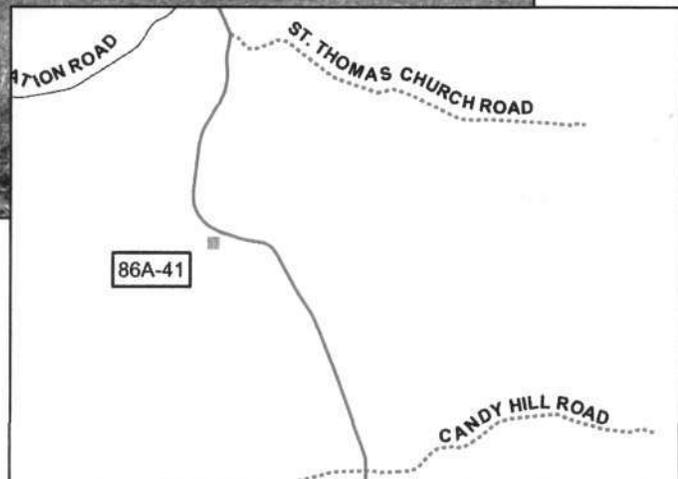

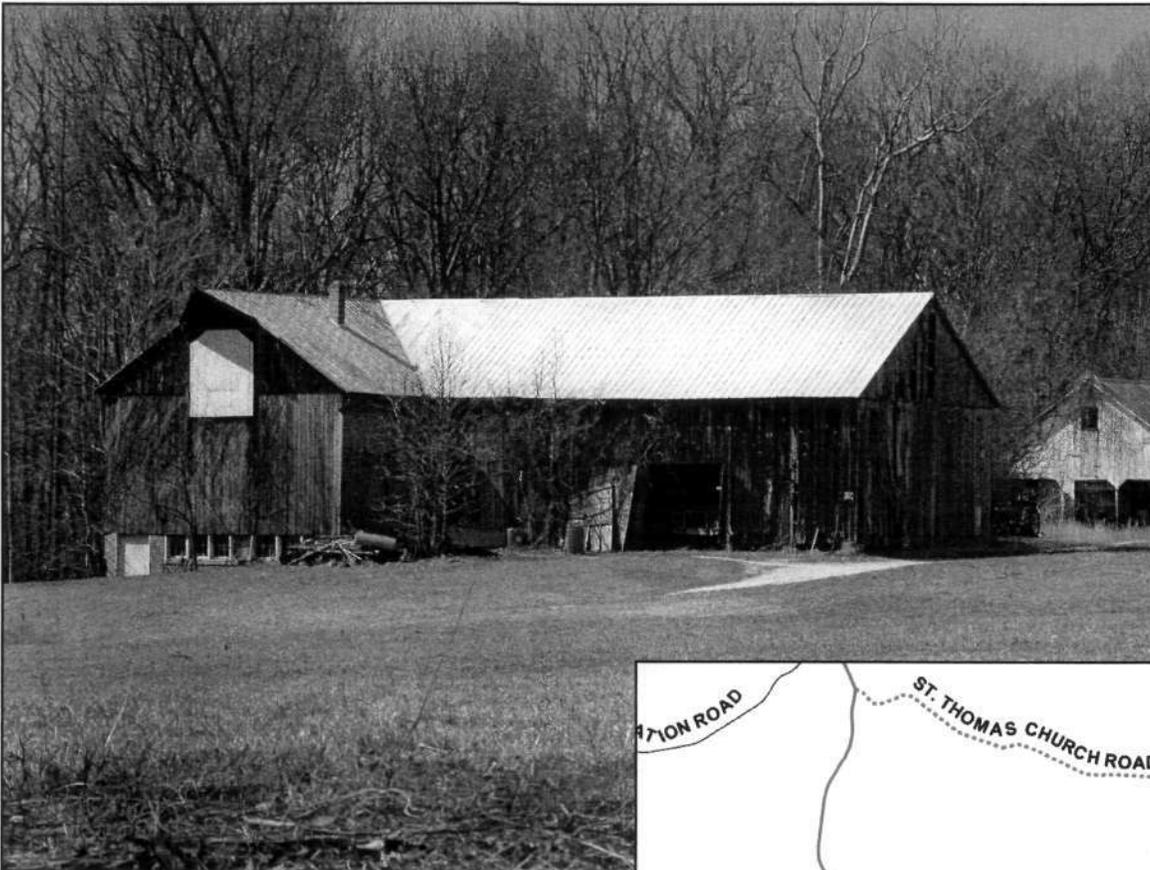

Condition

excellent deteriorated
 good ruins
 fair altered

Prepare both a one paragraph summary and a comprehensive description of the resource and its various elements as it exists today.

Sited on the edge of an open field to the west of Croom Road, the tobacco barn has undergone numerous alterations. The original tobacco barn, with a gable east elevation, is visible due to the hinged air doors on the south elevation. Constructed c.1900, the barn has a pier foundation supporting a wood frame structural system clad in vertical boards. Hinged vertical air doors line the north and south elevations. The gable roof is clad in standing-seam metal. Double-leaf doors have been cut into the south elevations and the southern gabled wing features a solid concrete block foundation, vinyl windows in the foundation and a concrete-block interior stove flue.

Access to this barn was not granted. Tobacco is no longer cultivated on the land associated with this property.
