Is the property located within a historic district? no yes Name of district: _____

Is district listed? X no yes Determined eligible? no X yes District Inventory Number: _____

Documentation on the property/district is presented in:

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The boundaries of the Crumpton Survey District are roughly: North side: south bank of the Chester river from the Rt. 290 bridge, south to third street then ashore and along the north property lines of the parcels along the north side of Broad Street; East side: along the east sides of parcels 188 of QA Co. tax assessment map 5 and parcel 1 of QA Co. tax assessment map 6; South side: the along the south property lines of parcel 1 of tax map 6, parcel 72 of tax map 5, parcels 148, 115, 113 and 112 of QA Co. tax assessment map 5a, along the west side of 3rd Street and the north side of Caroline Street to the river, jogging to include parcel 32 of QA Co. tax assessment map 5a; West: the east bank of the Chester River to the Rt. 290 bridge. The district is composed of 68 major resources, the majority of which are residential, with one church and several commercial structures (almost all of which are now used as residences). Of the 68 resources, 55 contribute to the potential district; 13 do not contribute. Although a period of significance has yet to be identified, the district's resources date primarily to the late-nineteenth century and the early-twentieth century. There are only a handful of resources from the latter half of the twentieth century. Most of the contributing resources retain an extremely high level of integrity.
