

SM-201
ZACHARY FOWLER HOUSE
Chaplico
Private

mid to late 19th century

This small one-story frame house is three bays in length and has a single exterior chimney of common bond at one end. It was constructed with several new building techniques combined with a number of older features. For example, the hall and parlor floor plan is ~~very late~~

and the main rooms were built to be heated by fireplaces rather than the more common ~~stoves~~ of the period.
