The front facade of the church has a gable over the center three bays. To the right of this is a bell tower set back a bit that is three stories high and is topped by a pyramidal roof. To the left of the center three bays is a gable roofed wing with the gable end facing south. The wall of this wing facing east (Bozman Road side) has a nine panel door painted red with a Gothic arch of stained glass above it. Windows in the three center bays under the east facing gable are tracery windows. The main entrance is at the base of the bell tower. It is a nine panel door, painted red, topped by a stained glass Gothic arch. Above the door in the bell tower is a rosette window and above that an open belfrey.
