DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

This house is located a short distance east of the Chewsville-Leitersburg Road, Maryland Route 62, in Washington County. It is situated on an area of level ground and faces west.

The structure is a two-story, four-bay brick dwelling set on low limestone foundations. The bricks are laid in common bond at all elevations with, generally, six rows of stretchers between courses of header bricks. There is no decorative brick work associated with the exterior of the building.

The openings appear to be spaced rather evenly in the walls. Most windows have wide wooden lintels with narrow jambs, holding six-over-six light double-hung sashes. Entrances are located in the two center bays of the front or west elevation. The entrances with transoms appear identical and have framing matching that of the windows. A two-bay shed roofed entrance porch is present. A two-story double porch extends along the length of the east elevation. It is supported by square posts and has a railing with diamond lattice work.

The slate roof extends beyond the end walls of the house. It terminates at the eaves with plain boxing which has been faced with bricks at the ends. A steeply pitched gabled dormer with Victorian trim extends from the west slope of the roof. Brick chimneys are located inside each gable end.

The structure is in fair condition and is located on a tract containing 89.5 acres. A barn and outbuildings related to agricultural use are located nearby.

STATEMENT OF SIGNIFICANCE

The area of significance of this house is its architecture. The use of all common bonding and the appearance of exterior woodwork would suggest a mid-19th century building date. A structure is designated on this site on an 1859 map of Washington County. At that time the owner was listed as Daniel Spessard.

For additional historical information concerning this and other sites in the Chewsville election district, contact Howard L. Spessard, 911 View Street, Hagerstown, Md.
