Description:

This two story log house seems to have gone through several modifications. Located at the southwest corner of West Cemetery Street and West Side Avenue, it is a two story, four bay structure covered with aluminum siding. Windows are of various sizes and types and placed irregularly, suggesting that some may have been added or altered. Windows at the first floor front have two over two pane sash. The others are single pane. Dormer windows have been added to the roof. Entrances are located in the first and third bays from the south end of the building. There is a shed roofed porch across the front and a shed extension at the rear.

The 1877 Atlas map indicates that this property was owned by G. Shafer. It may have been associated in some way with the Funkstown Manufacturing Company, located nearby.
