

Survey # WA-I-782
Street Address 13839 Village Mill Drive
Town, State Maugansville, Maryland 21767
private X, public _____

Approximate date Ca. 1910

Located on the south side of Village Mill Drive is this two story, two bay side gabled frame house, covered with asbestos shingle siding. The configuration of the front wall consists of a window and the door. The window has single pane double hung sash, but is larger than the other windows which also have single pane sash. A character defining feature is a two story balcony porch with chamfered square posts at the rear of the building. Across the front is a one story porch supported by four large square posts. Helping to date the building to the 1910-1920 period are the flat topped architraves, the small brick chimney with corbeled top and the front porch. It represents Maugansville's main growth period in the early 20th century.
