Approximate date Ca. 1900

Located on the west side of village Mill Drive is this two story, three bay L-shaped frame house. It is covered with aluminum siding. Windows have single pane sash and the entrance is located in the center bay of the front elevation. The main character defining feature is a hip roofed wraparound porch supported with turned posts and trimmed with curved decorative brackets. A brick chimney with a corbeled top is located inside the north gable end. The front yard is separated from the sidewalk by a poured concrete retaining wall. Behind the house is a hip roofed frame garage. Probably dating from about 1900, based on its overall size and form, this house is typical of Maugansville's dwellings.
