

Survey # WA-I-793
Street Address 13822 Village Mill Drive
Town, State Maugansville, Maryland 21767
private X, public ____

Approximate date Ca. 1910

Located on the west side of Village Mill Drive is this two story, three bay frame house which has been covered with aluminum siding. A shed extension has been attached to the rear or west elevation. Typical of many early 20th century frame houses in Maugansville, it has three openings at the first story, arranged window, door, window and only two windows at the second story level. Windows have either one over one or two over two light sash. The entrance seems to have included a transom at one time, but it has been filled in. The main character defining feature for this house is the wraparound porch supported by large square posts. A gable fronted shed is located behind the house. This house is characteristic of the early 20th century growth phase in the village of Maugansville. The date attribution for this building is based on the light frame construction, overall form, fenestration pattern and architectural features such as the porch.

MARYLAND COMPREHENSIVE PRESERVATION PLAN DATA

- I. Geographic Organization: Western Maryland
- II. Chronological/Developmental Period(s): Industrial/Urban Dominance 1870-1930
- III. Prehistoric/Historic Period Theme(s): Architecture, Landscape Architecture and Community Planning
