Approximate date Ca. 1920

This brick foursquare style house is located on the southeast corner of Village Mill Drive and Maugans Avenue. With a door, window, window, door arrangement at the first story level, it seems to be a duplex. It has typical foursquare features: square shape, hipped roof with a dormer and a porch across the front. Bricks are laid in all stretched bond and rest on a rock faced concrete block foundation. Windows have single pane sash and there are narrow transoms above the doors. The dormer has a shed roof with double windows. The front porch is supported by square posts on brick piers with rock faced cast stone coping. A set of cast stone steps with side retainers lead from the sidewalk to the porch. A shed roofed side entrance porch has been added to the house and a one story addition has been attached to the rear. Behind the house is a concrete block garage accessed from Maugans Avenue. The house is typical of the many foursquares in Maugansville, representing its major period of growth and development. Most are single family residences, however.
