Approximate date Ca. 1920s

This house is among a group of foursquares located on the east side of Village Mill Drive, south of Maugans Avenue. All nearly alike, they are of brick with the typical hipped roof and frontal dormer. They all have front porches and foundations of rock faced concrete block, and they all date from the 1920s. The one a 13739 has a window, door facade arrangement with a date tablet embedded in the front wall near the southwest corner. Bricks are arranged in all stretcher bond and windows have single pane sash. Window sills are of cast stone. This example has fiberglass awnings added to the front windows and the front porch. The dormer is shed roofed with a double window. A ground level side entrance in the south elevation is topped with a gabled hood supported by brackets. A one story extension at the rear is covered with aluminum siding. The porch across the front is supported by square posts on brick piers with cast stone coping. This group, all presumably built about the same time (1927) by the same developer, NK Johnston, is characteristic of Maugansville's major growth period in the early 20th century.
