

Survey # WA-I-828
Street Address 13642 Village Mill Drive
Town, State Maugansville, Maryland 21767
private X , public _____

Approximate date Ca. 1900-1910

Typical of many houses on Village Mill Drive and in Maugansville in general is this turn-of-the-century two story frame dwelling, three bays wide with only two openings at the second story level. This example is covered with vinyl siding, and the front windows and door have vinyl shutters. Windows have single pane sash. A wraparound porch across the front and along the south elevation is supported by chamfered square posts, and retains a standing seam metal roof. Brick chimneys with corbeled tops are located inside the gable ends. An iron pipe and wire fence extends across the front of the property. The date attribution is based on the light frame construction, two bay up and three down facade arrangement, small chimneys and porch. The house is representative of Maugansville's development which occurred in the early 20th century mostly.
