Approximate date Ca. 1920

This foursquare style house is located at the south edge of Maugansville on Village Mill Drive. It has the characteristic square shape, hipped roof, dormer and across the front porch. It rests on cast stone foundations and is covered with vinyl siding. The facade is two bays wide and includes a semi-hexagonal projecting bay at the first story and doubled windows. Windows have single pane sash and most are decorated with vinyl shutters. The porch is supported by square posts on brick piers. A rock faced concrete block retaining wall defines the edge of the front yard. Like the many other foursquares in Maugansville, especially on Village Mill Drive, this house reflects Maugansville's early 20th century development.
