Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

A 2-story brick single family residence with bay window and side gables located on the south side of US 40 (the National Pike). The foundation is rumble irregular coursed stone and there is a one-story full width front porch with simple supports. A side entrance porch is attached to the west side of the house. There are segmental arched windows that are one over one configuration. A frame garage is located in the back of the property. A stone retaining wall is located along the front of the property.

According to the tax records the house was built in 1901. A structure in this location appears on USGS maps by 1912. The house is representative of a typical turn of the century vernacular house built in the community of Huyett on the National Road. It appears to have sufficient integrity of location, design, materials, feeling and association and, therefore, merits inclusion in National Register of Historic Places under criteria A and C.

Prepare both a one paragraph summary and a comprehensive description of the resource and its various elements as it exists today.

Located on the south side of US 40 (the National Pike) in the crossroads community of Huyett, this 2 1/2 story, brick single family residence was built in 1910 according to the tax records. It is a simple vernacular house that features an asymmetrical plan, side gabled roof with asphalt shingles. The house has a one-story entrance porch with simple wood supports and a wood multi-light entrance door. A one-story side entrance porch is located on the west side of house. The windows have segmental arches and are wood with one over one configuration. A rubble, irregular coursed stone retaining wall runs along the front of the property. A frame garage/shed is located in the rear of the property.

not evaluated

Prepare a one-paragraph summary statement of significance addressing applicable criteria, followed by a narrative discussion of the history of the resource and its context. (For compliance projects, complete evaluation on a DOE Form – see manual.)

According to the tax records, this house at 16607 National Pike was built in 1901. This house is eligible for the National Register of Historic Places under Criteria A and C as it retains enough integrity to convey its significance as an example of a turn of the century vernacular domestic structure embodying characteristics typical of Queen Anne style. It is also eligible for the National Register of Historic Places under Criteria A for its association with the National Road during the agricultural and commerce period. Research does not indicate that this house was associated with personages of historical importance on local, state or national level nor that it may be likely to yield information important in history or prehistory.
