Property/District Name: Wilhide Property Survey Number: WA-I-875

Project: Removal of structures for Runway Protection Zone Agency: FAA

Site visit by MHT Staff: no yes Name Elizabeth Hannold Date 9/12/95

Eligibility recommended Eligibility not recommended

Criteria: A B C D Considerations: A B C D E F G None

Justification for decision: (Use continuation sheet if necessary and attach map)

Based on the available information, the property located at 14233 Maugansville Road in northern Washington County, does not appear to meet the National Register Criteria. The modest two story frame house may date to the 19th century, but has been so altered that it no longer retains any sense of the original historic character. It does not appear to have any particular architectural significance and thus is not eligible under Criterion C. It is not known to have been associated with any significant events or people, and thus is not eligible under Criteria A & B. In addition, it is not located in an historic district. It is well removed from the concentration of historic properties associated with the village of Maugansville. A number of modern ranch houses are adjacent to the property.

Documentation on the property/district is presented in: Project file
