DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

Paulsgrove's Store is located along the west side of old route 66 just south of its junction with Black Rock Road in the village of Beaver Creek in Washington County, Maryland. It is situated on a rise of ground above the Beaver Creek. Its gable end faces east.

The building is a three bay, one and a half story general store. It is of frame construction covered with white shingle siding. Trim is painted black. Shed roof additions of frame and cinder block extend along both sides of the structure.

The windows of the main section of the store contain two over two pane sashes trimmed with a Victorian period architrave. At the main story windows are flanked by paneled shutters.

The front entrance is located in the center bay of the east elevation. The doorway is trimmed similarly to the windows and includes a narrow four light transom.

The roof is covered with corrugated sheet metal and extends for several inches beyond the gable walls. The eaves molding shows a rather deep return at the gables. A central flue pipe projects from the roof ridge.

A shed roof one story porch extends across the front of the main section of the building.

The store is in good condition and stands on a three acre tract.

**STATEMENT OF SIGNIFICANCE**

The area of significance of Paulsgrove's Store is its architecture and its commercial contribution to residents of the Beaver Creek area. It is an example of a late 19th century rural commercial building. Such structures are disappearing in the Cumberland Valley and remaining examples should be recognized for their contribution to the architecture of the period and for the important role that they as local general stores have played in the life of small communities.

The owner reports that this structure replace an earlier stone store building which was located immediately opposite the present store on the east side of old route 66. The Paulsgroves have ledgers for the store dating from 1843. At that time the business was operated by John Witmer who owned a grist mill located several hundred feet west of the store. Other information about Witmer properties may be found on forms WA-II-080 and WA-II-082.
