Description

Dating from the late 19th century is this two and a half story common bond brick house with a semi-hexagonal projecting bay at the east end of the facade. Gabled dormers extend from the south slope of the roof and a small brick chimney is located inside the end wall. Windows have single pane sash and the entrance is located in the center bay of the main story.

This building appears to be later infilled in a block that otherwise has buildings dating from the third quarter of the 19th century.

The 1877 Atlas of Keedysville shows this site to be the vacant north half of a lot owned by D.H. Wyand. According to the owner, it was purchased by Michael Stine on April 4, 1877, and sold by him to E. Anna Baker on March 29, 1886.
