Description

This one and a half story stone and stuccoed house probably dates from around 1840 and consists of a three bay stone section and a recessed three bay stuccoed section to the south. Windows have nine over six light sash and entrances with narrow transoms are located in each section. A brick chimney is located inside the north end wall.

The orientation of this house to Main Street indicates that it was built after completion of the turnpike in the 1830s. It is shown on the 1867 Military Atlas map of the area. In 1877 this was the last house in town, the next place to the south being Wyand's farm. In 1877, the owner of this property was E. Lantz.
