Based on the available information, the house at 5628 Mose Circle, in the Snyders Landing community in southwestern Washington County, does not appear to meet any of the National Register Criteria for Evaluation. The frame cottage could possibly date to the latter part of the 19th century, but more likely dates to the early part of the 20th century. Located above the C & O Canal and Potomac River, it has the look of a vacation cottage. It possesses few distinguishing features beyond the german siding and the primitive-looking scalloped trim around the attic vent. It does not appear to possess sufficient architectural merit to warrant individual listing under Criterion C. It has no known association with significant events or people, and thus is unlikely to warrant listing under Criteria A or B. The property is outside the C & O Canal Historic District. Our records do not include any information about Syndersville, a small loosely settled area along the C & O, to the west of Harpsburg. Therefore, based on available information, the property is not located in a known historic district.

Documentation on the property/district is presented in: Project File
