Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

The brick farmhouse is a two-story, four-bay by two-bay house with a rectangular plan. It has a gable roof covered in sheet metal. The main facade has a entrance in the second bay from the south. Two-over-two sash with segmental arches are in the other bays. There is a two-bay one-story entrance porch. The date of construction appears to be the late 19th century.

The brick house is located on the east side of Alt. Rt. 40, .2 mile south of Millpoint Road near Benevola. It is set back from the road and the structure is the farmhouse for a large farmstead.

The brick house is constructed on a stone foundation. The walls are brick laid in stretcher bond. The gable roof is covered in sheet metal and has brick chimneys projecting from the peak at each gable end. The main facade has an asymmetrical fenestration. The entrance has a two panel door with two small windows at the top of the door and a transom above the door. The house has a box cornice that returns at the end of the gable.

The property includes a gambrel-roof barn, two mid-20th century silos and related outbuildings.
