

SITE NUMBER: WA-II-515

ADDRESS: 205 West Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: John P. Brucksch, 670/287, private

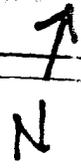

BUILDING DATE: First half 19th century

205 West Main Street is a south-facing, horizontally massed, symmetrical, four-bay, two-and-a-half-story, rock-faced stone, freestanding, residential structure with a one-story addition to the west. The building is set directly at the public-right-of-way. The stone work is evenly coursed on the front facade and is more randomly laid on the remaining elevations. Quoining is pronounced. The standing-seam metal, side-gable roof has one interior endwall brick chimney in the main portion of the building. The deeply recessed entrance consists of a three-panel door topped by a transom with a sunburst motif. The door and window lintels are of stone with keystones. Fenestration is composed of single, rectangular, wooden sash, double-hung, six-over-six windows with wood sills.

Based on the stonework, the building appears to date from the first half of the 19th century. A building of the same configuration is noted on the 1877 map of the town. The 1922 Sanborn notes this as 109 West Main Street and indicates that the addition had not been built at that time. A large outbuilding is noted in the northwest corner of the property.

The building is within the Western Maryland Geographic Organization, the possible Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
