

SITE NUMBER: WA-II-518

ADDRESS: 211 West Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: Thirman Jamison, 243-347, private

BUILDING DATE: late 19th/early 20th century?

This is a south-facing, horizontally massed, symmetrical, two-and-a-half-story, four-bay, frame, freestanding, residential structure resting on a stucco-finished stone foundation. The structure is raised high above the street level. It has several additions to the rear, creating a long, L-shaped composition, and is covered with manufactured siding. The standing-seam metal, side-gable roof has a single center chimney and open eaves. A hipped-roof, open porch runs the length of the facade and is supported by turned posts connected by a flat-cut balustrade. Fenestration consists of single, rectangular, wooden sash, double-hung, two-over-two windows with shutters.

A building of a smaller configuration is noted on the 1877 map of the town as being owned by W. Fieton (sp?). However, it is unclear whether any of that building is part of the extant structure. The building with all of its additions is noted as 107 West Main on the 1922 Sanborn. The rear-most addition, however, is only noted as a single story. It is currently two stories in height. The map also notes a hen house at the rear of the property.

The building is within the Western Maryland Geographic Organization, the possible Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
