

SITE NUMBER: WA-II-519

ADDRESS: 213 West Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: Everett L. Rohrer, 176-483, private

BUILDING DATE: late 19th/early 20th century

213 West Main Street is a south-facing, horizontally massed, symmetrical, two-and-a-half-story, six-bay, frame, freestanding, residential structure. The building is constructed high above grade. Its principal foci are the roof shape and the eastlake details, including the one-story open porch that runs across the front facade and the bargeboard in the front gable. The standing-seam metal, side-gable roof has open eaves and gable returns and is interrupted by a steeply pitched gable to the front. The front gable has fishscale shingling. The entrance is obscured by a storm door. The fenestration consists of single, rectangular, wooden sash, double-hung, one-over-one windows with wood entablatures. The building has several additions to the rear including a second eastlake porch.

Based on its style, the building appears to have been constructed in the late 19th/early 20th century. It is not noted on the 1877 map of the town. It is noted on the 1922 Sanborn with all of its additions as 106 West Main Street.

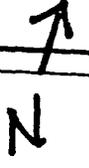

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
