

SITE NUMBER: WA-II-527

ADDRESS: 206 West Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: Robert W. Shank, 528/450, private

BUILDING DATE: mid-late 19th century

206 West Main Street is a north-facing, horizontally massed, symmetrical, two-and-a-half-story, three-bay, frame, attached, residential structure set directly at the public-right-of-way. The side-gable roof is sheathed with standing-seam metal, has two interior, endwall brick chimneys, and open eaves with gable returns. The east-bay entrance is protected by a hipped-roof, open, eastlake porch that runs the length of the building and is supported by turned posts and pilasters and ornate brackets and spindlework. The posts are connected by a turned balustrade. The entrance is composed of a glazed and paneled door protected by an aluminum storm door and topped by a four-light transom. Windows are set in wood frames, are double-hung, two-over-two sash, and have shutters. There is a one-story addition to the rear.

A building of similar configuration is noted on the 1877 map of the town. The 1922 Sanborn notes the extant dwelling as 124 West Main and indicates three outbuildings on the property: the small frame structure that currently stands just west of the building at the public-right-of-way, and two structures at the rear of the lot.

The building is within the Western Maryland Geographic Organization, the Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
