

SITE NUMBER: WA-II-607

ADDRESS: 221 West Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: Joyce Y. Quinn, 586/647, private

BUILDING DATE: mid-late 19th century? 1910s-1920s?

221 West Main Street is a south-facing, symmetrical, one-and-a-half-story, two-bay, L-shaped, freestanding, residential structure. Its principal focus is the wide, two-bay shed dormer that extends across much of the side-gable roof. Other features of the front facade include a wide picture window composed of three windows, an open porch that extends across the facade and that is supported by modern iron railing, and manufactured siding. The roof is sheathed with artificial roll and has a new exterior, endwall brick chimney. The large picture window has its original configuration of three-over-one sash. Other windows appear to have been altered to hold six-over-six sash. An oriel window has been added to the east elevation. The property includes a detached, small cottage immediately to the west of the main house. The cottage is occupied by the Antietam Curi Shoppe, a beauty salon.

Based on the design of the house, it appears to date from the 1910s, early 1920s. However, a building of the same configuration is noted on the 1877 map of the town as being owned by G. Swain. The extant main house is indicated on the 1922 Sanborn as 104 West Main Street. The cottage is not shown.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
