OWNER/LOT NUMBER/ACCESS: Joseph E. Churchey, Jr., 694/678, private

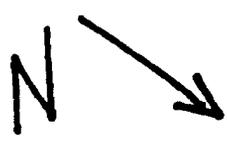

BUILDING DATE: late 19th/early 20th century

318 West Main Street is a north-facing, horizontally massed, symmetrical, two-and-a-half-story, four-bay, frame, freestanding, residential structure. Set directly at the public-right-of-way, it is on a stone and brick-faced foundation and has been covered with manufactured siding. The side-gable roof is covered with standing-seam metal and has open eaves and an exterior, brick chimney (rebuilt). The first-floor front facade is composed of an entrance in a center bay, windows in the flanking bays, and a raised, hipped-roof, open porch across the facade. All windows are double-hung, two-over-two lights. There is a large two-story rear addition followed by a one-story addition.

The 1922 Sanborn notes the extant building without its one-story addition as 42 West Main. There was a large one-story outbuilding immediately behind the house at the time.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Industrial/Urban Dominance, and falls within the Historic Period Themes of Architecture, Landscape Architecture and Community Planning.
