OWNER/LOT NUMBER/ACCESS: Raymond H. Hewett, 487/144, private

BUILDING DATE: 1920s/1930s

213 West Chapline Street is a south-facing, horizontally massed, symmetrical, one-and-a-half-story, frame, three-bay, freestanding, residential structure resting on a concrete foundation. Set directly at the public-right-of-way, it has been covered with manufactured siding. It has a side-gable roof sheathed with standing-seam metal. There are open and overhanging eaves and a front, gabled dormer. A hipped-roof, open porch has been added to the front facade. It is supported by decorative, modern iron railings. The center-bay entrance is flanked by modern, double-hung, one-over-one windows. Windows on the side elevations have fiberglass awnings. There is a new house at the rear of the lot.

This house is not noted on the 1922 Sanborn and may have been constructed in the 1920s/1930s. A structure is noted at this location on the 1877 map of the town. At that time, it was owned by William Johnson.

The building is within the Western Maryland Geographic Organization, the Modern Development Period, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
