BUILDING DATE: mid-19th century (pre-1862)

203 East Main Street is a south-facing, horizontally massed, symmetrical, three-bay, two-and-a-half-story, L-shaped, frame, freestanding, residential structure. The building is set directly at the public-right-of-way and is stuccoed. The slate, side-gable roof has two interior, endwall chimneys and open and overhanging eaves. A slightly raised, hipped-roof, open porch wraps around most of the front and west elevations. Colonial Revival in style, it has Tuscan columns, a wide frieze, and a slat railing. The west-bay entrance holds a glazed door topped by a three-light transom. All windows are double-hung, one-over-one sash with shutters. A two-story hexagonal bay has been added to the building on the west elevation where it meets the facade. It has windows in each face.

A commemorative plaque indicates that the structure was standing in 1862. A building of the same configuration is noted on the 1877 map of the town as being owned by J.C. Wilson. The 1922 Sanborn notes the building as 502 East Main and shows a large outhouse and shed immediately behind the house.

The building is within the Western Maryland Geographic Organization, the Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
