

SITE NUMBER: WA-II-689

ADDRESS: 223 East Main Street, Sharpsburg, MD

OWNER/LOT NUMBER/ACCESS: Ricky E. Williams, 794/1047, private

BUILDING DATE: mid-late 19th century

223 East Main Street is a south-facing, horizontally massed, symmetrical, five-bay, two-and-a-half-story, frame, freestanding, residential structure on a stone foundation. It is set back from the public-right-of-way, behind a stone retaining wall. The artificial roll, side-gable roof has an interior endwall brick chimney, and open and overhanging eaves with gable returns. A simple, raised, eastlake, hipped-roof porch wraps around the front and east elevations. The entrance is set in a wood frame with crown molding and consists of a glazed interior door and a multi-pane and frame storm door topped by a glazed transom. Fenestration is composed of single, rectangular, wooden sash, double-hung, two-over-two windows in frames with molding matching the that of the entrance. All windows on the front facade have shutters. There are several outbuildings in the rear.

The building appears to date from the late 19th/early 20th century. A building of the mirror configuration is noted on the 1877 map of the town as being owned by W. Brenner. The extant dwelling is noted on the 1922 Sanborn as 510 East Main. Included on the property are the outhouse (now 221 East Main), a large shed to the east of the house and two large, frame buildings at the rear of the lot.

The building is within the Western Maryland Geographic Organization, the Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
